The next object is to give the spirit and the moving power, and render it practical. Our object is to convert to the arts and sciences of peace, that system and principle of co-operation now best known in war; for that is, as experience proves, the only practical system of harmonious cooperation. We have marked out the ground on which every class of mind must take its place. We have a place for every art and science, and now the tactics to be observed in each, and how to gain the land on which to operate, is all we have to show. First, of the art and science of co operation. This is to bring the whole to bear for our mutual advantage. To learn the art of government correctly, men should begin to practice at...
